

LEARNING WELL, ENJOYING LIFE, EXCEEDING EXPECTATIONS

02 September 2010

Dear Parent,

Re: New School Campus at Madinat Khalifa

I am delighted to announce that we have acquired a new school campus for Compass International School. Our Madinat Khalifa Campus is in the final stages of preparation for opening on 19 September 2010. This purpose built school will be an excellent addition to our facilities in Doha and it is well situated to allow for easy access for parents.

The new campus is intended to open for students aged 4 to 14 (Early Years 2 to Year 10) and will replace the Rayyan Campus. This is subject to final approval from the Supreme Education Council. We do still intend to complete the Rayyan Campus, but ongoing planning issues are still being resolved and consequently, the necessary facilities at Rayyan will not be ready in time.

CISD Madinat Khalifa Campus will offer a permanent home to our secondary school students and will mean that we can offer a far higher standard of facilities as we develop the site. Our plans in the short term include a new science laboratory, a sports hall and a swimming pool. We expect to start construction on these very soon so that students have the benefit of specialist teaching in these rooms.

Primary and secondary students will be located on the same site, but different timetables will minimize interactions and ensure that all our students get maximum use of the play and sports areas on the campus. Siblings of secondary school students will be given priority at the new campus and our Admissions Officer will be contacting parents directly about this.

The location of the new site can be found using this link:

From Sunday 05 September, staff will be at the Madinat Khalifa Campus from 9 AM – 2 PM and would be delighted to show you around the site. Work is still ongoing to prepare the classrooms and ensure that everything is clean and organized for the start of the new school year.

We should have spaces available now in most year groups as a result of this expansion programme. For more information or to book a tour of the new site, please call our Admissions Officer, Sam Ford on 4487 7445.

Yours sincerely,
